

BARRE PIENE A FILETTATURA CONTINUA

B450/540 diam. 20 - 40

Sinistrorsa, laminata a caldo

CONTINUOUS THREADED BARS - CT BAR

Hot rolled, ribbed – left hand thread

f_y = tensione di snervamento minima / minimum yield stress

f_t = tensione di rottura minima / minimum break stress

F_y = carico di snervamento minimo / minimum yield load

F_t = carico di rottura minimo / minimum break load

A₁₀ = allungamento a rottura su base 10 diametri / extensibility on 10 diameter bases

A = area / area
